**We get hundreds of applications to play at Equinox and you need to stand out from the crowd! Why should we book you? What's different? What makes you stand out? Please make your application as different as possible – in any way you see fit!**

### **Performer Site Guidance and Information:**

*This is a brief overview- full site guidance can be found on the website.*

Equinox Festival aims to provide a relaxed, safe environment where people of many different tribes can gather and enjoy being ourselves and together. We hope everyone can join in creating just this, but if you're found to be upsetting people, you may be asked to leave

**Entry to the site is only allowed between the hours of 10am and 10pm - out of these hours you will not be allowed entry to the festival. Anyone arriving out of these hours may be parked in a holding area until the next day. Please help us by arriving within these times.**

**There are NO creche facilities at this festival.** -Parents/guardians are responsible for their children at all times and must not leave their children unattended anywhere on site.

**Do not bring glass onto site!** - Glass is a danger to the site, people and wildlife. Any glass found in the arena area may well be confiscated - along with its contents!

**Dogs MUST be on a lead (And the other end of the lead MUST be connected to someone or something that stops the dog roaming!)** - Currently dogs are allowed at Equinox - please help us keep it that way. Your dog may be the best behaved dog in the world - but that does not apply to everyone else's dog. They can be a nuisance when they are running around loose - we have an agreement with a local dog rescue group and any dogs found not on a lead can be collected from there at your own expense and you will be asked to leave site. Dog tickets must be purchased for any dog brought onto site- any dog found without a valid band will be passed to dog rescue. Please don't let your dog be the reason we can't have dogs at Equinox in future.

**Clean up after your dog!** - If you are seen to not be clearing up after your animal you will be asked to leave site - along with your animal!

**No unauthorised fires** - Tents and vehicles are extremely flammable and we don't want anyone hurt. Do not have fires inside your tent- there is a very real danger of carbon monoxide poisoning.

**Please respect signs** - We are not trying to control everything but there are some areas of the site where entry is restricted as they are private or we need to ensure that people are not disturbed. Please be as quiet as possible around the family areas and when leaving site to prevent disturbance to local residents. Any unauthorised person found in a restricted area may be asked to leave site.

**Food and drink.** - At Equinox we keep prices reasonable and we have bars on site for the sale of alcohol and several food traders around the site. At Equinox we do not place any unreasonable restrictions\* on visitors from bringing their own food and drink to site - although we'd like you to buy from us - but please use alcohol responsibly.

\* personal use only, do not attempt to bring in alcohol to sell.

**Rubbish** - Leave the site fit for wildlife after you've gone. At Equinox we aim to leave no trace. Recycle where possible - we'd appreciate it if you could take your rubbish home with you, or drop it off at the waste and recycling centre. Otherwise use the bins provided. Please don't drop litter and please leave your camping area clear of rubbish.

**Most of all - we want everyone to have a good time. Abiding by the above will help us to ensure everyone enjoys the Equinox.**
